

13th Annual U of A Applied Geotechnical Engineering Reinforced Soil Wall Design Contest

April 13th, 2015 at the University of Alberta

Wall constructions starts at **4:30 PM** sharp (NREF L2-040)

Wall testing will commence at **6:00 PM** (NREF L2-020)

Using only 5 sheets of Newsprint (From the Gateway), 2 sheet of 15 X 30 cm geotextile, a box of 100 paper clips and 20 popsicle sticks

Walls must be constructed within the 1 hour time limit

Teams will give a short presentation on their design and prediction of wall strength
